4: President's Report

As I was away from Perth for much of the period since our last meeting, there has been little direct personal activity that I can report on. However, the Association has not been idle at all and some interesting changes have been taking place in the displays as John adapts the methods he uses to mount exhibits to enable us to have more flexible and re-usable arrangements. I hope that we will be able to announce regular updates and refreshed displays over the course of the year. The February talk by Graham Dennis was a great success - a huge crowd: somewhere over 60 people attended! - and Graham was entertaining and informative. It was good to see so many of his relatives attend and take part as well as a good contingent from the Mens' Shed that Rod had encouraged to attend. Big thanks to Angela for distributing so many flyers around the suburb and for contacting ABC Radio about the upcoming talk. Thanks also to Rod and Kaye for distributing flyers on the southern end of the Peninsula. Whatever it was that we did - it certainly seemed to work this month ! The website migration and population continues and Sue has been working hard to keep the new website in people's minds so that we get improved traffic through Google Searches etc. Sue has also ensured that we have regular updates on Facebook and we are getting more interest and followers for our pages - all of which is good news as we continue our drive to increase awareness of our activity. The longer term plans that I mentioned last month are still relevant although I have not been able to follow up on them very much: I hope that we will get back on track with our plans for Grant applications etc over the coming weeks.
